Stewart Lake

Total Distance: 23.5 km
Total Days: 3
Portages: 5
Difficulty: Moderate

The Stewart Lake Loop – a chain of lakes that are classed as a natural environment park – serves as an outstanding recreational experience that is an excellent example of what Northwestern Ontario has to offer. The Stewart Lake Loop borders the historical Experimental Lakes, and is home to breathtaking rock formations, beautiful beaches, and a diverse set of lakes, all having their own distinct and special features.

The Lake of the Woods canoe routes guides are designed to provide trip planning assistance, but should not be the sole wayfinding source used on your canoe adventure. Detailed maps and Lake Charts are available and should be purchased prior to setting out. There are also numerous experienced guides locally who can be contacted to provide detailed trip information.
